It is a one and a half hour drive north of Barcelona, and 40 minutes from Girona airport. It only takes 45 minutes drive to the French border.

## SURROUNDING AREA

**Can Caranta** is situated on the Medieval town of Pals. All around the town centre you can see splendid Gothic buildings, like the present-day museum of submarine archaeology Ca La Pruna, a fortified mansion from the 15th-16th century. It also holds a permanent exhibition of wines and cavas of Catalonia, a room offering temporary exhibitions of painters and sculptors. In the town of Figueres (at 40Km) you will find Salvador's Dali Museum.

At 10 Km is La Bisbal d'Empordà famous for its ceramics. Close by are the Roman ruins at Ullestret, and many other historic medieval villages. Girona - capital of the province, with its Roman and Arabic history which can be seen in the old part of the city, also has a modern side, with great shopping, restaurants and night clubs (a 35 minutes drive).

One of the most characteristic pictures of the coastline is the wide-open 3.5 kilometre long Pals beach with the Medes Islands in the background. Its special topography makes it the ideal spot to practice all types of water sports like windsurfing. Or if you prefer enjoying the surrounding secluded beaches of: Sa Riera, Sa Tuna, Aiguablava, Calella de Palafrugell or Llafranc (10minutes by car). **Small sandy bays with rocky headlands, pine trees and clean water.**

Only a few kilometres from Pals, in the town of L'Estartit, is the Medes Islands Marine Reserve, an archipelago formed by seven small islands that are admired the world over by people who practise underwater sports. A perfect place to practise: scuba diving, sea watching, snorkelling... and you don't need to be an expert, because you will find professionals who will guide you and show you the most marvellous places in this privileged sea bed.

Around Pals you will also find **riding clubs** that will satisfy horse lovers. Also routes and courses for beginners. And if you like doing sport playing **tennis, paddle, football, basketball, beach volleyball and anything you could imagine... even skateboarding** at the Palafrugell skate park.

However, you can also discover the Empordà from the air... in a **balloon, a helicopter or an ultra-light aircraft**, you will have a unique experience to remind you of Pals.
